Objective

To obtain a position in technology that employs my skills and experience in Management and Leadership.

Work Experience & Accomplishments

Lead Developer
Position Designs LLC - San Diego, CA (2018/10- present)
- Solo Developer/Designer for multiple Wordpress sites.
- Started with basic HTML/CSS knowledge and used this opportunity to develop the skills needed to craft web sites with WordPress, PHP, and JavaScript.
- Crafted logos, business cards, and web site layout with direction from the team.

Manager
Leroy's Kitchen and Lounge - Coronado, CA (2017/03 - 2018/12)
- Updated scheduling and hiring practices to reflect changes in state, city, and federal laws.
- Reduced costs in labor and product through detailed examination of how the restaurant utilized its resources.
- Fostered team engagement and knowledge by working with vendors to organize classes and events.
- Structured team to maintain expectations through consistent enforcement of standard operating procedures.
- Lead services from the floor to ensure customer experience.
- Responded to continual input from hands-on owners.

Technology Specialist
Cashwell LLC - Arlington, VA (2010/09- 2011/07)
- Assessed organizations handling FFA data for FISMA compliance.
- Evaluated security boundaries of networks.
- Evaluated physical security of servers.
